

Science

Can you name different body parts?

What are the five senses?

How does a baby use its senses to explore the world?

How does an eye work to make us see?

Super Humans

What is the difference between a healthy and unhealthy food?

How can you test for a sense of taste only?

Can I identify food from its smell?

How do we know something is hot or cold when we touch it?

What happens to a sound when it is further away?

Autumn 2024
