

# Independent Learning Project Autumn 2

## Year 1

# Treasure Islands

During the school holidays you may want to do some additional learning in preparation for your new unit 'Treasure Islands'. Below are some ideas but you can also let your imagination go wild! We would love to see what you do, maybe a poster, photos, a presentation, a model.... We hope you have lots of fun getting ready for your next bit of Learning!

### Treasure Islands Summary

The world is a connected place, for thousands of years we have been building networks of trade across the land and sea. In this unit, we will explore how islands became increasingly connected and how they sold their resources to others. We will also look at the challenges of transporting goods across the seas and oceans and how this was threatened by nature and by people... pirates!

### Project Ideas

- Where do you consider to be home? Why?
- Why do we have rules/expectations?
- What are our School Expectations?
- How are you the same and different to your friends?
- Design a pirate ship flag
- Draw what you think a pirate from the past looked like.
- Listen to/Read some stories about Pirates;
