

Independent Learning Project Autumn 1

Year 2

From A to B

During the school holidays you may want to do some additional learning in preparation for your new unit 'From A to B'. Below are some ideas but you can also let your imagination go wild! We would love to see what you do, maybe a poster, photos, a presentation, a model.... We hope you have lots of fun getting ready for your next bit of Learning!

From A to B Summary

The letters 'A' and 'B' can be used to mean anything we like. Often, we use 'from A to B' to talk about travel from one place to another. Think about all the different places you travel. In this unit we will be learning about the different types of journeys we can make, across land, sea and air. In order to do this, we will need to be geographers, historians and engineers. How we travel is constantly changing, so what does the future hold for travel and journeys?

Project Ideas

- How does your journey to school differ to someone from another country?
- How many different ways could you travel to school?
- Draw a map of your route to school
- Write a story where the main character uses a form of travel you have never used
- Choose a form of transport and find out everything you can; who invented it? How has it changed over time?
- Invent a new form of transport for the future
- Create some transport inspired artwork.
- Visit a transport themed museum, <https://www.ltmuseum.co.uk/visit/families>

What ideas do you have?

Please bring your projects in to school the first week back!
