# Part A: Pupil premium strategy plan

## Statement of intent

*Every day at Woodcote Primary we inspire, challenge and engage our children to aim high and have pride in their individuality. Through positive relationships, all members of our community are valued, voices are heard, and children create lasting memories that enable them to branch out into the wider world.*

*Objectives for our Disadvantaged Pupils;*

- *For Progress of this group to be at least equal to National Disadvantaged*
- *For Progress of this group to be at least equal to National for All Pupils*
- *To improve the life chances and aspirations for our Disadvantaged Pupils*
- *For pupils in this group to have strong self-esteem and self-view*

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Maintaining high percentage of attendance and punctuality, particularly compared to their non-disadvantaged peers.
2	Parent engagement and lack of financial resource to provide children with broad opportunity and life experiences.
3	Ensuring we identify eligible pupil premium children early, including in-year entry, and provide specific support they need.
4	Attainment and Progress at the end of KS2 for pupils is below the national average in Maths, Reading and Writing for pupils who are eligible for the pupil premium
5	Below typical language and communication skills on entry to school for pupil premium children may inhibit the progress of a high proportion of pupil premium eligible pupils in all areas of the curriculum.

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Narrow the gap between disadvantaged and non-disadvantaged attainment and progress	Published end of KS2 data shows a reducing gap in attainment and progress
Disadvantaged children at Woodcote perform higher than disadvantaged nationally, both in terms of progress and attainment.	Published end of KS2 data shows performance in attainment and progress higher than National Disadvantaged
Disadvantaged children to feel inspired, challenged and engaged with their learning.	Pupil feedback indicates children can vocalise what has inspired them, how they have been challenged and how they have been engaged.

## Activity in this academic year

## Part B: Review of the previous academic year

### Outcomes for disadvantaged pupils

During the academic year 2024 – 2025 we were pleased that the majority of PP children made expected progress or more. It is noticeable in all year groups that a significant number of PP children were able to make above expected progress throughout the last academic year. However, the end of KS2 results show that there is still a significant amount of work to do to ensure that a greater number of PP children are leaving Woodcote at or above the expected standard.
